

Make Every Moment Count!®

GETTING STARTED WITH YOUR TIME TIMER® 8" RETRO ECO EDITION

2025 & BEYOND

Congratulations on the purchase of your new Time Timer® 8" RETRO Eco Edition. We hope that it helps you make every moment count!

1

INSTALL 1 AA BATTERY

The battery compartment is located on the back of the Time Timer® 8" RETRO Edition visual timer. Simply pull battery cover down to insert batteries into compartment. Close battery compartment by pressing closed until you hear a "click".

Requires 1 AA battery

2

CHOOSE YOUR SOUND PREFERENCE

The timer itself is quiet—no distracting ticking sound—but you can choose whether or not to have an alert sound when time is complete. Simply use the on/off switch on the back of the timer to control audio alerts.

3

SET YOUR TIMER

Use the set bar on your timer and turn counter-clockwise until you reach your chosen amount of time. Immediately, your new timer will begin to countdown, and a quick glance will reveal the time left thanks to the contrasting disk and large, easy-to-read numbers.

BATTERY RECOMMENDATIONS

We recommend using high-quality, name-brand alkaline batteries to ensure accurate timing. You may use rechargeable batteries with Time Timer, but they may deplete more quickly than traditional batteries. If you do not plan to use your Time Timer for an extended period of time (several weeks or more), please remove the battery to avoid corrosion.

PRODUCT CARE

Our timers are manufactured to be as durable as possible, but like many clocks and timers, they have a quartz crystal inside. This mechanism makes our products quiet, accurate and easy to use, but it also makes them sensitive to being dropped or thrown. Please use with care.
